Credit Recovery Agreement

The Credit Recovery Program provides students with an alternative method for completing courses required for graduation. This program combines teacher directed instruction with the use of on-line courses offered by Apex Learning®. Students will be enrolled in courses needed for credit recovery, credit acquisition, and/or review for a required Regents exam. They will work through the course at their own pace. This allows the motivated students to complete classes faster in a more flexible structure. Credit will be awarded for successful completion at the 65% mastery level. A minimum of 1 class period during the day or 1, 2 hour night school session per week is required and Check in every "A" day 9th period with content teacher.

Program Requirements:

- Attendance –All students will be scheduled during a day class or 1 session of night school. In addition all students meet with their teacher of record 9th period A day. Failure to meet minimum Attendance requirement may result in removal from program.
- Instruction will be provided by certified teachers, trained as Apex Coaches.
- MUST CHECK IN ONCE EVERY A Day 9th period
- All major unit exams must be taken with Credit Recovery coaches in the lab
- Course credit will be awarded for at least 65% mastery of the course content *and* final exam
- Students must take and pass required Regents exams
- In order to utilize credit recovery's full potential, students should work on the class at home.
- *While in Credit Recovery students report card grades are temporary until the course is complete. They will earn a 50 (progress is unacceptable), 75(progress is questionable), or 90 (meeting all expectations). When the course is complete the report card grades will be changed to match the final earned grade.*
- **Program Eligibility**- All students are eligible to take Credit Recovery classes if the relevant members of the student support team (guidance, admin, teachers, parents, social worker, psychologist) agree it is the best option for the student.
- **Students in good standing**- Students who are not "at risk" are expected to start the program immediately and must complete within ½ the time of a traditional class.

***Attendance and effort are required. Students may be removed from this program if it is recommended by an Apex Coach or they do not make weekly progress. ***

We, student and parent/guardian agree to the conditions for participation in the Credit Recovery Program and have read and understood "Rules and Responsibilities "of Credit Recovery.
